## PRESIDENTS CORNER

### Montana Airstream Club Newsletter (061) January 2018

The sunny skies of Albuquerque and the call of the Balloon Fiesta lured us to New Mexico this fall. That rally is truly unique and should be on your Airstream bucket list. I went there with the belief that getting up at 6AM to watch balloons was out of the question. Believe me it's not. Truth be told they don't start large scale flying until about 7 and all you must do when you hear the roar of a propane burner directly overhead is put on some jeans, grab a cup of coffee and step out of your trailer. It was a riot of color and shapes with hundreds of balloons some close enough overhead that we could exchange pleasantries with the captain and his crew as they leisurely flew by.

The rally broke up and we headed to NTAC at a leisurely pace stopping at Cap Rock Canyon State Park, where the State of Texas maintains a free roaming American Bison herd. We can testify they are free roaming because our campsite was one of the places they chose to meander in their search for forage. You should have seen Eglna running to get the dogs in the trailer so that the buffalo would not get enraged and perchance charge the dogs. Zeta kept barking and was not intimidated in the least; I think she would have attempted to take them on if she got loose. All in all, it was an enjoyable stop with Texas friends on our way to our winter home.

I have started planning for our spring rally. That's right only one this year and it is currently planned for May 3rd to 5<sup>th</sup>. There is much to do in Region 10 this year so to avoid conflict or over saturate you with rallies I have elected to limit Montana to one rally in Great Falls. Instead of a second Unit rally in early June I would encourage as many of you as possible to attend the Region 10 rally in Hood River, Oregon from May 30 to June 3. I have been working with our region President and she has something special planned that you will not want to miss. Does a stern wheeler dinner cruise on the Columbia River sound like something memorable? Our reservation is large enough so that we'll have the boat all to ourselves.

The next newsletter will have the on the Montana unit rallies scheduled for 2018.

Keep warm and stay well, we'll see you in the spring.

**Believe it or Not**

**Apollo 11 Astronauts  
Quarantined in  
Airstream 1969**
